

The Annual Tech-Fest of GEC, Vaishali

VISION'25

13th- 14th Sept 2025

Coding Contest

OBJECTIVE:

Participants will solve a set of coding challenges designed to test algorithmic thinking, problem-solving, and coding skills. All challenges must be completed within **2 hours**.

TEAM:

- Individual participation only (or small teams of 2 if allowed).
- Students from the same or different institutes can participate

RULES:

Duration	2 continuous hours
Problem Statements	Revealed at the start of the contest
Code	Must be written during the contest (no pre-written templates)
Libraries	Standard libraries and language documentation allowed
Submission	Must be done before the timer ends on the contest platform

Allowed Languages: C, C++, Java, Python, JavaScript (Node.js) or any language supported by the contest platform.

EVENT TIMELINE:

Time	Activity
0 min	Problem Reveal + Contest Start
120 min	Contest End + Automatic Submission

JUDGING CRITERIA:

Criteria	Points
Correctness (All test cases passed)	60
Efficiency (Optimized code, passes hidden test cases)	20
Code Quality (Readability, structure)	10
Time of Submission (Earlier correct solutions score higher)	10

PENALTIES:

- Late submission after the timer ends – Not accepted.
- Plagiarism – Immediate disqualification.

WINNING CRITERIA:

- Highest total score.
- In case of a tie:
 1. Higher efficiency score.
 2. Earlier correct submission.

VENUE: LAB 29
